## PROFILE

I'm a Linguistics graduate specialising in Computational Linguistics. I'm well-versed with both aspects of web development - front and back. My distinct approach and enthusiasm for creative problem-solving position me as a valuable leader keen to contribute to the success of the web development team.

## EXPERIENCE

### Codi-Tech, Beirut | Full-Stack Web Development

August 2023- PRESENT

- Used various Backend technologies including Node.js, Express.js, MongoDB, MySQL, PhpMyAdmin, SQLite, Postman API
- Developed the Frontend of several projects using various libraries and frameworks such as React.js, Cascading Style Sheets (CSS) and saas, JavaScript
- Worked on administering and maintaining the server hardware and software using Linux.

### Codi-Tech, Beirut | Scrum Master

August 2023- PRESENT

Employed the Agile methodology of project management to plan, organise, and optimise workflow, ensuring successful project completion and client satisfaction.

## EDUCATION

### Lebanese University, Faculty of Linguistics, Beirut

Bachelor's degree in Computational Linguistics | October 2020-June 2023

**Thesis:** Analysing Sentiment in Social Media Data Using Machine Learning Techniques.

## TECH SKILLS

<b>Frontend:</b> HTML, CSS, JavaScript, React, TypeScript	<b>Design Skills:</b> Figma, Canva
<b>Backend:</b> Node.js, Express, MongoDB, Sequelize	<b>Tools:</b> Visual Studio Code, Postman
<b>Database:</b> Mongoose, Xampp	
<b>Version Control:</b> GitHub	
<b>RESTful API Design and Integration</b>	
<b>Responsive Web Design</b>	

## PROJECTS

### **E-Commerce Website** | React, Node.js, Express, and MongoDB.

- Developed a fully functional e-commerce website with CRUD functionality using MERN stack(MongoDB, Express, React, Node.js).

### **Python Teaching Website** | HTML, CSS, and JavaScript.

- Led the development of a Python teaching website during university, merging a passion for programming with a commitment to education. The website stands as a source of pride, with the potential to positively impact aspiring programmers and learners.

### **Digital Wallet and Payments Application** | React, Node.js, Express, Sequelize, and XAMPP

- Led the end-to-end development of a sophisticated Digital Wallet and Payments Application using the Sequelize ORM and XAMPP stack.
- Implemented CRUD functionality to enhance user interactions and system operations.
